## Daddy Dance With Me

1. Pictures in my mind, a moment frozen in time

The answer to a prayer I whispered long before

The image of my daughters smile and the joy in her eyes

I play the role that I was meant to play once more, when she

says: **Refrain**

**Daddy Dance with me, I have little hands and little feet  
won't you show me how?**

**Daddy Dance with me, I will only be your little girl for a little  
while So Daddy won't you dance with me?**

2. Standing unprepared, I was faintly aware

Though greatly blessed I somehow felt unqualified

Afraid that I did not possess, ability to give my best

For this little girl that God had brought into my life

And I pray, Lord Help me please

become the father that you know I need to be

And as you have the chance

Teach me the steps I need to know how to dance

Cause she's gonna say

### Refrain/Interlude

Lord Help me please

become the father that you know I need to be

And as you have the chance

Teach me the steps I need to know how to dance

Cause she's gonna say

3. In my minds eye, I can see my daughters smile

The dance in the living room is a memory

I pray that we will not forget, the dance that you've led

And the steps in our lives you have helped us see

And I pray Lord help her please,

become the woman that you know that she'll need to be

And as you have the time,

help her to trust in you every moment of her life,

so that she can pray: **Refrain**

## Prelude to Praise

Passages: Psalm 107, Matthew 25:21

1. Praise to the Lord, For His love endures forever

For His promises fulfilled, for His grace beyond all measure

For Jesus sacrifice, a payment for my sin

For my life paid the price, that I might learn to sing

### Refrain

**Praises, to our God and King**

**Praises, to his holy name**

**That we cry "Worthy is, your name on high"**

**That we consider your great love Hallelujah**

**Hallelujah**

2. Sing to the Lord, of His power and His glory

Sing to the people, tell of the wondrous story

How a man that's bent and broken Can stand before the king

Be called a faithful servant, that's got to make you sing

### Refrain

3. Sing to the Lord, of His power and His glory

Sing to the people, tell of the wondrous story

How a man that's bent and broken Can stand before the king

Be called a faithful servant, that's got to make you sing

### Refrain

## Color Through the Gray

Lord I'd like to run away,

from all the grayness of the world around me

What happened to the colors of the rainbow

that I used to know? What a show!

What do I owe to see it once again

To have the chance to see it once again.

Straining striving life contriving a box that holds,

who I am and what I know

Where's the pretty ribbons, wrappings, tape and packing

That decorates the small gray box that holds my soul.

Canvas unbordered... The brushes uncovered

Paint my life with colors that I've never seen, but used to dream

- Before I learned that gray was color too,

Before I learned that gray was color too

Paint my life with colors seen through heavens eyes

Like the rainbow through the clouds that fill my skies

In all I do and think or say, please help me find a way

To somehow see the color through the gray

To somehow see the color - through the gray

## At A Time

Passages: Matthew 6:33-34, Luke 5:24-26

1. There will be times, when you don't know where you're going  
And there are times, when you don't know where you've been  
But in all times, there is one thing you can count on  
And that's the Love our Savior gives to all

### Refrain:

**So may he dry your tears and may he calm your fears  
His love will carry you through all your deepest strife  
And as you walk that road and press on to that goal  
May you live your life just one day at a time**

2. When life has filled your waking hours with shadow  
And when that road only seems to run uphill  
Turn to the one, who stand with you for all time  
Whose sacrifice, has made our lame feet run

### Refrain/Interlude/Refrain

**Ref2.** As worry tears away, the hopes you had today  
Put the burdens and the worries of your life  
Into His hands till you know, it's be God's grace that you'll go  
Living our your life, just one day at a time

## Be Still

Passages: Psalm 46

1. Be Still, and know that I am God  
I will, be exalted in the earth  
Be Still, and know that I am God  
I will, be above the nations

2. I am, your refuge and your strength  
I am, your help in trouble  
No fear, though the earth give way  
No fear, know that I am God  
Be Still, I will

3. I am here, you will not fall  
I am here, at the break of day  
I lift, my voice and kingdoms fall  
Come and see, the works of the Lord  
Be Still, I will, No fear, Be Still... Be Still

## Run Boy Run

Passages: Isaiah 40:30-31, Joshua 1:5

1. When your life is new before you  
You feel the sunshine on your face  
You feel the joy of the path ahead of you  
You feel the strength to run the race  
But you know that even youths grow weary  
And a young man may stumble and Fall  
Your hope may seem to be diminished  
Till God whispers to your soul

## Refrain

**He says "Run Boy Run"**

**You will run and not grow weary, you will walk and not grow faint**

### Run Boy Run

**Though the world spins beneath you, feeling heart and soul may break**

**I will be your strength through hopeless days**

**Your power in all your weakest ways, I'll lift you up and fly  
On eagles wings**

2. As your hopes and dreams are realized  
And the years go slowly by  
Your amazed at the gifts God's given you  
The joy brings tears to your eyes

But in the daily grind you grow weary  
And at times life has beaten you down  
There will be days when it's tough to get up again  
Till God's Joy is finally found

### Refrain

3. And as the years have finally lengthened  
We face the evening of our lives  
We can see God's footprints in the sand  
He has never left our side

But then we see our sunset fading  
And we're lead where we don't want to go  
We face our final anxious moments  
Till God whispers to our soul

### Refrain

## A Love Never Known (written by Leahy)

### Chorus:

**A love never known  
Has come to call me home  
And I say I do. I follow you**

1. Something from my heart Has stirred my soul  
And I can't ignore this feeling Anymore  
And you say "Don't you worry I will see you through  
Cause you belong to me And I to you"

### Chorus

2. Something from my eyes I can't erase  
And the tears keep falling Down upon my face  
You wiped away my sorrow and my sin  
When you gave your blood for me to live

### Chorus

I've always known That there's been someone looking out for me  
And now I know your name Lord from you I came
